EXPERIENCE

Graphic Designing - Head

Encode - The Computer Science Club of PDEU

1 July - Present

PDEU, India

- As the Graphics Designing Head of the Encode Club, I have honed my leadership skills by managing a team of designers and coordinating with other club members to organize events and workshops.

Wordpress Developer

OIA Software Solutions and Limited

Jan-24 - March-24

Delhi, CA

- Developed proficiency in WordPress website design and management, including configuring hosting, SMTP, and Recaptcha functionality.
- Utilized Google Analytics to monitor website traffic and performance, identifying areas for improvement.
- Collaborated with team members and clients to understand project requirements and translate them into effective, user-friendly website designs that achieved business objectives.

PROJECTS

Placement Portal of PDEU Placement Portal Project: A full-stack web app being developed using React.js and Node.js that provides college students a platform to search and apply for job placements. As a team member, I've contributed to the UI design, and Frontend code .This ongoing project has enhanced my skills in web development, project management, and collaboration with the latest technologies and tools.

To-do List A web app developed with HTML, CSS, and JavaScript that helps users manage their daily tasks. As the sole developer, I designed the UI, wrote the JS code, and delivered the project on time, showcasing my web development skills and ability to work independently.([Try Here](#))

EXTRA-CURRICULAR ACTIVITIES

- SSIP, Ingenium, Code by the beach HACKATHON

LEADERSHIP

- I was leader during my CSSI Rural Internship, I gained valuable experience in managing a team and executing a program across multiple locations.
